IELTS WRITING TASK 2 IDEAS & QUESTIONS

1. Opinion Essay (Agree or Disagree)

Question

Some people think that university education should be free for everyone. To what extent do you agree or disagree?

For (Agree)

1. Poor students will get equal educational opportunities.
2. A highly educated population helps economic growth.
3. Free education can reduce unemployment.
4. Students can focus more on studies instead of part-time jobs.

Against (Disagree)

1. Free university education creates pressure on government budgets.
2. Taxpayers may not want to pay for everyone's education.

3. Some students may not value free education seriously.
4. Wealthy families can easily afford university fees themselves.

2. Discussion Essay (Discuss Both Views and Give Your Opinion)

Question

Some people believe online learning is better than classroom learning, while others think traditional classrooms are more effective. Discuss both views and give your opinion.

Online Learning – For

1. Students can study from anywhere.
2. Online courses are often cheaper.
3. Flexible schedules help working people.
4. Students can learn at their own pace.

Classroom Learning – For

1. Face-to-face interaction improves communication skills.
2. Teachers can provide immediate feedback.

3. Students stay more disciplined in classrooms.
4. Group activities improve teamwork skills.

3. Advantages & Disadvantages Essay Question

Nowadays, many people work from home using technology. What are the advantages and disadvantages of this trend?

Advantages

1. Employees save commuting time and transport costs.
2. Workers enjoy flexible schedules.
3. Companies can reduce office expenses.
4. People may achieve a better work-life balance.

Disadvantages

1. Workers may feel isolated or lonely.
2. Communication with colleagues becomes weaker.

3. Home environments may contain distractions.
4. Some employees work longer hours than usual.

4. Problem & Solution Essay

Question

Many cities around the world are facing serious traffic congestion problems. What are the causes of this issue, and what solutions can be taken?

Problems / Causes

1. Increasing number of private cars.
2. Poor public transportation systems.
3. Rapid urban population growth.
4. Lack of strict traffic regulations.

Solutions

1. Improve public transport facilities.
2. Encourage cycling and walking.
3. Introduce higher taxes on private vehicles.
4. Create more traffic-free zones.

5. Double Question Essay (Direct Questions)

Question

Many young people spend too much time on social media. Why is this happening? Is it a positive or negative development?

Why Is It Happening?

1. Smartphones provide easy internet access.
2. Social media is entertaining and addictive.
3. Young people want social approval from peers.
4. Online communication is faster and easier.

Negative Development

1. Students waste valuable study time.
2. Social media can affect mental health.
3. Face-to-face communication skills become weaker.

4. Cyberbullying is becoming more common.

Positive Development

1. People can stay connected globally.
2. Students can access educational content.
3. Social media helps small businesses advertise.
4. Important news spreads quickly online.

6. Discussion Essay

Question

Some people think children should learn practical skills such as cooking and financial management at school. Others believe schools should focus only on academic subjects. Discuss both views and give your opinion.

Practical Skills – For

1. Students become more independent in daily life.
2. Financial knowledge helps avoid debt problems.

3. Cooking skills encourage healthy eating habits.
4. Practical education prepares students for adulthood.

Academic Subjects – For

1. Academic subjects are essential for higher education.
2. Schools already have limited teaching time.
3. Parents can teach practical life skills at home.
4. Science and mathematics are more important for careers.

7. Opinion Essay

Question

Some people believe governments should spend more money on public transport instead of building new roads. To what extent do you agree or disagree?

For (Agree)

1. Better public transport reduces traffic congestion.
2. It helps decrease air pollution.
3. Public transport is cheaper for citizens.
4. Fewer private cars mean fewer road accidents.

Against (Disagree)

1. Roads are still necessary for economic development.
2. Rural areas often depend heavily on roads.
3. Public transport systems are expensive to maintain.
4. Some people prefer the convenience of private cars.

8. Advantages & Disadvantages Essay Question

More people are using artificial intelligence in their daily lives. What are the advantages and disadvantages of this development?

Advantages

1. AI saves time by automating tasks.
2. It increases workplace productivity.
3. AI improves medical diagnosis and healthcare.
4. Students can access personalized learning tools.

Disadvantages

1. Many jobs may disappear due to automation.
2. People may become too dependent on technology.
3. AI systems can make mistakes.
4. Privacy and data security concerns may increase.

9. Problem & Solution Essay

Question

Many people today suffer from stress at work or school. What are the causes of this problem, and what solutions can be implemented?

Causes

1. Heavy workloads and tight deadlines.

2. Long working or studying hours.
3. Lack of work-life balance.
4. High competition in education and careers.

Solutions

1. Encourage regular breaks and vacations.
2. Reduce unnecessary workload pressure.
3. Promote mental health awareness programs.
4. Encourage exercise and healthy lifestyles.

10. Double Question Essay

Question

Nowadays, many people prefer to shop online rather than visit physical stores. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Online shopping is convenient and fast.
2. People can compare prices easily.
3. Products are delivered directly to homes.

4. Online stores often offer discounts.

Positive Development

1. Saves time and transportation costs.
2. Provides access to international products.
3. Helps busy people shop more easily.
4. Encourages business growth in e-commerce.

Negative Development

1. Local shops may lose customers.
2. People may buy unnecessary products impulsively.
3. Online scams and fraud are increasing.
4. Customers cannot check product quality physically.

11. Discussion Essay

Question

Some people think that famous celebrities are good role models for young people, while

others disagree. Discuss both views and give your opinion.

Celebrities Are Good Role Models

1. They inspire young people to work hard.
2. Successful celebrities motivate teenagers to follow dreams.
3. Many celebrities support charities and social causes.
4. Sports stars often encourage healthy lifestyles.

Celebrities Are Not Good Role Models

1. Some celebrities behave irresponsibly in public.
2. Young people may copy harmful lifestyles.
3. Fame does not always mean good character.
4. Social media creates unrealistic expectations.

12. Opinion Essay

Question

In many countries, the use of plastic products should be strictly limited. To what extent do you agree or disagree?

For (Agree)

1. Plastic pollution harms marine life.
2. Plastic waste damages the environment.
3. Recycling alone is not enough.
4. Eco-friendly alternatives are now available.

Against (Disagree)

1. Plastic products are cheap and convenient.
2. Many industries depend on plastic packaging.
3. Alternatives can be expensive.
4. Proper recycling systems may solve the issue.

13. Advantages & Disadvantages Essay Question

Studying abroad has become increasingly popular among students. What are the advantages and disadvantages?

Advantages

1. Students gain international experience.
2. They improve foreign language skills.
3. Students become more independent.
4. Better educational facilities may be available.

Disadvantages

1. Studying abroad is very expensive.
2. Students may feel homesick.
3. Cultural differences can create difficulties.
4. Language barriers may affect studies.

14. Problem & Solution Essay

Question

The amount of household waste is increasing rapidly in many countries. What are the causes of this problem, and what measures can be taken?

Causes

1. Overconsumption and consumerism.
2. Excessive plastic packaging.
3. Growing urban populations.
4. Lack of recycling awareness.

Solutions

1. Promote recycling campaigns.
2. Ban single-use plastic products.
3. Encourage reusable bags and containers.
4. Governments should introduce stricter waste laws.

15. Opinion Essay

Question

Some people believe that governments should ban violent video games for children. To what extent do you agree or disagree?

For (Agree)

1. Violent games may encourage aggressive behavior.
2. Children can become addicted to gaming.

3. Excessive gaming reduces study time.
4. Violent content may negatively affect mental health.

Against (Disagree)

1. Games are only a form of entertainment.
2. Parents should control children's gaming habits.
3. Many games improve problem-solving skills.
4. There is little direct evidence linking games to crime.

16. Discussion Essay

Question

Some people think public libraries are no longer necessary because information is available online. Others believe libraries are still important. Discuss both views and give your opinion.

Online Information – For

1. Information can be accessed instantly online.

2. Digital resources are often free.
3. E-books are more convenient to carry.
4. Students can study remotely.

Libraries Are Important – For

1. Libraries provide quiet study environments.
2. Not everyone has internet access.
3. Libraries preserve valuable historical books.
4. Librarians help students find reliable information.

17. Advantages & Disadvantages Essay Question

Nowadays, many people use social media to communicate. What are the advantages and disadvantages of this trend?

Advantages

1. People can communicate instantly worldwide.
2. Social media helps maintain long-distance relationships.

3. Businesses can advertise products easily.
4. Educational content is widely available.

Disadvantages

1. People may become addicted to social media.
2. Fake news spreads rapidly online.
3. Cyberbullying is becoming more common.
4. Face-to-face communication skills may weaken.

18. Problem & Solution Essay

Question

Air pollution is becoming a serious issue in many cities. What are the causes of this problem, and what solutions can be adopted?

Causes

1. Increased use of private vehicles.
2. Industrial emissions from factories.
3. Burning fossil fuels.
4. Rapid urbanization.

Solutions

1. Promote public transportation.
2. Use renewable energy sources.
3. Introduce stricter environmental laws.
4. Encourage tree plantation programs.

19. Double Question Essay

Question

More people are choosing to live alone nowadays. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. People prefer independent lifestyles.
2. Career priorities delay marriage.
3. Urban lifestyles encourage privacy.
4. Financial independence has increased.

Positive Development

1. People enjoy personal freedom.
2. Individuals become more self-reliant.
3. Fewer family conflicts occur.
4. People can focus on careers.

Negative Development

1. Loneliness and depression may increase.
2. Living alone is more expensive.
3. Elderly people may lack support.
4. Social bonds can become weaker.

20. Opinion Essay

Question

Some people believe advertising strongly influences what people buy. To what extent do you agree or disagree?

For (Agree)

1. Advertisements create artificial needs.
2. Celebrities influence consumer behavior.
3. Attractive marketing persuades customers emotionally.
4. Social media advertising reaches millions quickly.

Against (Disagree)

1. Consumers compare products before buying.

2. Product quality matters more than advertising.
3. Experienced buyers ignore advertisements.
4. Word-of-mouth recommendations are often stronger.

21. Discussion Essay

Question

Some people think museums should charge entrance fees, while others believe they should be free. Discuss both views and give your opinion.

Charge Fees – For

1. Museums need money for maintenance.
2. Better funding improves visitor facilities.
3. Entrance fees can support preservation work.
4. Paid museums may offer higher-quality exhibitions.

Free Entry – For

1. Everyone should access cultural education.
2. Free museums attract more visitors.
3. Poor families can also enjoy museums.
4. Museums preserve national heritage for society.

22. Advantages & Disadvantages Essay Question

Many people nowadays use credit cards instead of cash. What are the advantages and disadvantages?

Advantages

1. Credit cards are convenient to carry.
2. Online shopping becomes easier.
3. Emergency purchases are possible.
4. Some cards provide rewards and cashback.

Disadvantages

1. People may overspend easily.
2. Credit card debt can increase rapidly.

3. Fraud and cybercrime are risks.
4. Interest charges can become expensive.

23. Problem & Solution Essay

Question

Many young people today spend little time doing physical exercise. What are the causes of this problem, and what solutions can be taken?

Causes

1. Excessive use of smartphones and computers.
2. Academic pressure leaves little free time.
3. Lack of sports facilities.
4. Sedentary lifestyles are becoming common.

Solutions

1. Schools should encourage sports activities.
2. Governments should build parks and gyms.
3. Parents should motivate children to exercise.

4. Awareness campaigns can promote healthy lifestyles.

24. Double Question Essay

Question

In many countries, the number of elderly people is increasing. What problems does this cause? What solutions can be suggested?

Problems

1. Healthcare costs increase significantly.
2. Pension systems become financially pressured.
3. There may be labor shortages.
4. Elderly people often require long-term care.

Solutions

1. Increase retirement age gradually.
2. Improve healthcare systems.
3. Encourage higher birth rates.
4. Use technology to support elderly care.

25. Opinion Essay

Question

Some people believe that children should start learning a foreign language at primary school rather than secondary school. To what extent do you agree or disagree?

For (Agree)

1. Young children learn languages more quickly.
2. Early language learning improves pronunciation.
3. Children become more confident communicators.
4. Learning languages improves cognitive skills.

Against (Disagree)

1. Primary students should focus on basic subjects first.
2. Young children may feel academic pressure.

3. Schools may lack qualified language teachers.
4. Secondary students learn grammar more effectively.

26. Discussion Essay

Question

Some people think governments should spend money on space exploration, while others believe it should be spent on public services. Discuss both views and give your opinion.

Space Exploration – For

1. Space research leads to technological advancement.
2. Scientists can discover useful resources.
3. Space programs inspire scientific education.
4. Satellites improve global communication systems.

Public Services – For

1. Healthcare and education need more funding.

2. Many people still live in poverty.
3. Public transport requires improvement.
4. Governments should prioritize citizens' daily needs.

27. Advantages & Disadvantages Essay Question

Many people today choose to eat fast food regularly. What are the advantages and disadvantages of this trend?

Advantages

1. Fast food saves time for busy workers.
2. It is widely available and convenient.
3. Fast food is often inexpensive.
4. Restaurants create employment opportunities.

Disadvantages

1. Fast food contributes to obesity.
2. Many meals contain unhealthy ingredients.
3. Regular consumption may cause health problems.

4. Traditional eating habits are disappearing.

28. Problem & Solution Essay

Question

Many countries are experiencing a shortage of fresh water. What are the causes of this problem, and what solutions can be implemented?

Causes

1. Overuse of water resources.
2. Climate change and droughts.
3. Industrial pollution contaminates water supplies.
4. Rapid population growth increases demand.

Solutions

1. Promote water conservation campaigns.
2. Improve recycling and purification systems.
3. Governments should regulate industrial waste.

4. Use modern irrigation techniques in agriculture.

29. Double Question Essay

Question

Many people today spend less time with their families. Why is this happening? What effects does this have on families and society?

Why Is It Happening?

1. People work long hours.
2. Technology distracts family members.
3. Modern lifestyles are highly competitive.
4. Many individuals prioritize careers over relationships.

Effects

1. Family relationships become weaker.
2. Children may feel emotionally neglected.
3. Stress and loneliness may increase.
4. Social values and communication skills may decline.

30. Opinion Essay

Question

Some people think that governments should make all public transport free. To what extent do you agree or disagree?

For (Agree)

1. Free transport reduces traffic congestion.
2. Air pollution can decrease significantly.
3. Poor people can travel more easily.
4. Public transport use may increase rapidly.

Against (Disagree)

1. Maintaining transport systems is expensive.
2. Governments may face financial pressure.
3. Higher taxes may be required.
4. Free services are sometimes poorly managed.

31. Discussion Essay Question

Some people believe that zoos are useful for education, while others think animals should not be kept in captivity. Discuss both views and give your opinion.

Zoos Are Useful – For

1. Zoos educate children about wildlife.
2. Endangered species can be protected.
3. Scientists can study animal behavior.
4. Zoos support conservation programs.

Against Zoos – For

1. Animals lose natural freedom.
2. Small cages create stress for animals.
3. Captivity changes natural behavior.
4. Wildlife sanctuaries are better alternatives.

32. Advantages & Disadvantages Essay Question

Nowadays, more students are studying online instead of attending traditional classes. What are the advantages and disadvantages?

Advantages

1. Students can study from any location.
2. Online education is flexible and convenient.
3. Educational costs may decrease.
4. Recorded lessons help revision.

Disadvantages

1. Students may feel isolated.
2. Internet problems affect learning.
3. Practical subjects are difficult online.
4. Students can become less disciplined.

33. Problem & Solution Essay

Question

Noise pollution is becoming increasingly common in urban areas. What are the causes of this issue, and what solutions can be taken?

Causes

1. Heavy traffic in cities.

2. Construction activities.
3. Loud public events and nightlife.
4. Industrial machinery and factories.

Solutions

1. Introduce stricter noise regulations.
2. Build sound barriers near roads.
3. Limit construction during nighttime.
4. Increase green spaces in cities.

34. Double Question Essay

Question

More people are becoming interested in learning about the history of their countries. Why is this happening? How can people learn history effectively?

Why Is It Happening?

1. National identity is becoming important.
2. Historical documentaries are popular.
3. Tourism encourages historical interest.
4. Schools promote cultural education.

How Can People Learn History?

1. Visit museums and historical sites.

2. Watch educational documentaries.
3. Read history books and articles.
4. Use online learning platforms and podcasts.

35. Opinion Essay

Question

Some people believe that newspapers will eventually disappear because people can read news online for free. To what extent do you agree or disagree?

For (Agree)

1. Online news is faster and more convenient.
2. Smartphones provide instant access to information.
3. Digital platforms reduce printing costs.
4. Young people prefer online media.

Against (Disagree)

1. Printed newspapers are more reliable for some readers.

2. Older generations still prefer physical papers.
3. Newspapers can be read without internet access.
4. Printed news may reduce screen time.

36. Discussion Essay

Question

Some people think that parents should limit children's screen time, while others believe technology is essential for learning. Discuss both views and give your opinion.

Limit Screen Time – For

1. Excessive screen use harms eyesight.
2. Children may become addicted to devices.
3. Physical activities become less common.
4. Too much screen time affects sleep quality.

Technology Is Essential – For

1. Technology improves access to education.

2. Students can learn skills for future jobs.
3. Educational apps make learning interactive.
4. Online resources provide unlimited information.

37. Advantages & Disadvantages Essay Question

Many companies now use robots and automation in the workplace. What are the advantages and disadvantages of this development?

Advantages

1. Automation increases productivity.
2. Robots can perform dangerous tasks safely.
3. Businesses reduce labor costs.
4. Machines work faster and more accurately.

Disadvantages

1. Many workers may lose jobs.
2. Technology is expensive to maintain.

3. Human interaction decreases in workplaces.
4. Technical failures can disrupt production.

38. Problem & Solution Essay

Question

Many people throw away food that could still be eaten. What are the causes of this problem, and what solutions can be suggested?

Causes

1. People buy more food than necessary.
2. Restaurants often serve large portions.
3. Lack of awareness about food waste.
4. Supermarkets reject imperfect products.

Solutions

1. Educate people about responsible consumption.
2. Donate extra food to charities.
3. Reduce portion sizes in restaurants.
4. Encourage better meal planning.

39. Double Question Essay

Question

Many people nowadays choose to delay having children until later in life. Why is this happening? Do the advantages outweigh the disadvantages?

Why Is It Happening?

1. People focus on careers first.
2. Raising children is expensive.
3. Many individuals pursue higher education longer.
4. Couples prefer financial stability before parenting.

Advantages

1. Parents become financially secure.
2. Older parents may be more mature.
3. Families can provide better education opportunities.
4. Career goals can be achieved first.

Disadvantages

1. Fertility problems may increase with age.

2. Older parents may have less physical energy.
3. Generational gaps may become wider.
4. Some couples may regret delaying parenthood.

40. Opinion Essay

Question

Some people believe that governments should invest more money in public parks and outdoor spaces. To what extent do you agree or disagree?

For (Agree)

1. Parks improve public health and fitness.
2. Green spaces reduce stress levels.
3. Parks improve air quality in cities.
4. Families need recreational areas.

Against (Disagree)

1. Governments have more urgent priorities.
2. Building parks requires large budgets.
3. Maintenance costs are expensive.

4. Some urban areas lack available land.

41. Discussion Essay

Question

Some people think students should work part-time while studying, while others believe students should focus only on education. Discuss both views and give your opinion.

Part-Time Work – For

1. Students gain work experience.
2. Part-time jobs improve independence.
3. Students can support educational expenses.
4. Communication and teamwork skills improve.

Focus Only On Education – For

1. Jobs may reduce study time.
2. Academic performance may decline.
3. Students can experience stress and exhaustion.
4. Education should remain the main priority.

42. Advantages & Disadvantages Essay Question

Nowadays, many people use public transportation instead of private cars. What are the advantages and disadvantages?

Advantages

1. Public transport reduces traffic congestion.
2. It lowers environmental pollution.
3. Travel costs become cheaper.
4. Fewer vehicles reduce road accidents.

Disadvantages

1. Public transport can become overcrowded.
2. Delays may waste passengers' time.
3. Some areas have limited transport access.
4. Privacy and comfort are reduced.

43. Problem & Solution Essay

Question

Many people today suffer from sleep problems. What are the causes of this issue, and what solutions can be taken?

Causes

1. Excessive use of electronic devices at night.
2. Stress from work and studies.
3. Unhealthy lifestyles and poor diet.
4. Long working hours.

Solutions

1. Reduce screen time before sleeping.
2. Promote healthy sleeping habits.
3. Encourage regular exercise.
4. Reduce workplace stress.

44. Double Question Essay

Question

In many countries, fewer people are choosing to read books regularly. Why is this

happening? How can reading habits be encouraged?

Why Is It Happening?

1. Social media consumes people's attention.
2. Video content is becoming more popular.
3. People have busy lifestyles.
4. Many individuals find reading time-consuming.

How To Encourage Reading?

1. Schools should promote reading programs.
2. Libraries should provide modern facilities.
3. Parents should encourage children to read early.
4. Digital books can make reading more accessible.

45. Opinion Essay

Question

Some people believe that universities should focus mainly on practical skills rather than theoretical knowledge. To what extent do you agree or disagree?

For (Agree)

1. Practical skills help students get jobs quickly.
2. Employers prefer experienced graduates.
3. Hands-on training improves workplace readiness.
4. Technical skills are highly demanded in modern industries.

Against (Disagree)

1. Theoretical knowledge builds strong foundations.
2. Some professions require deep academic understanding.
3. Universities should encourage critical thinking.

4. Practical skills can be learned later at work.

46. Discussion Essay

Question

Some people think governments should control what people eat to improve public health, while others believe food choices should remain personal. Discuss both views and give your opinion.

Government Control – For

1. Obesity rates are increasing rapidly.
2. Junk food creates healthcare problems.
3. Governments can reduce public medical costs.
4. Healthy eating improves national productivity.

Personal Choice – For

1. People should decide their own lifestyles.
2. Government control may reduce personal freedom.

3. Education is better than strict regulation.
4. Healthy food can be expensive for some families.

47. Advantages & Disadvantages Essay Question

Many people today prefer living in cities rather than rural areas. What are the advantages and disadvantages of urban life?

Advantages

1. Cities provide better job opportunities.
2. Healthcare and education facilities are advanced.
3. Public transport systems are more developed.
4. Entertainment and social activities are widely available.

Disadvantages

1. Urban areas are often overcrowded.
2. Pollution levels are higher in cities.
3. Living expenses are expensive.
4. Traffic congestion wastes time daily.

48. Problem & Solution Essay

Question

Many countries are facing increasing levels of obesity among children. What are the causes of this problem, and what solutions can be introduced?

Causes

1. Children consume unhealthy fast food regularly.
2. Physical activity is decreasing.
3. Video games and smartphones encourage sedentary lifestyles.
4. Parents often lack nutritional awareness.

Solutions

1. Schools should provide sports programs.
2. Governments should regulate junk food advertising.
3. Parents should encourage healthy eating habits.
4. Public awareness campaigns should promote exercise.

49. Double Question Essay

Question

More people are using electric vehicles nowadays. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Fuel prices are increasing.
2. Environmental awareness is growing.
3. Governments provide financial incentives.
4. Electric vehicle technology is improving.

Positive Development

1. Electric cars reduce air pollution.
2. Fossil fuel consumption decreases.
3. Renewable energy use becomes more common.
4. Noise pollution may decline.

Negative Development

1. Electric vehicles are expensive to purchase.
2. Charging stations are still limited.

3. Battery production harms the environment.
4. Electricity generation may still depend on fossil fuels.

50. Opinion Essay

Question

Some people believe that celebrities are paid too much money. To what extent do you agree or disagree?

For (Agree)

1. Teachers and doctors contribute more to society.
2. Celebrity salaries are often unreasonable.
3. Wealth inequality increases because of entertainment industries.
4. Public services deserve higher funding.

Against (Disagree)

1. Celebrities generate huge profits for industries.
2. Fame requires hard work and talent.

3. Sports and entertainment attract global audiences.
4. People voluntarily spend money on entertainment.

51. Discussion Essay

Question

Some people think that international tourism creates more problems than benefits, while others believe it is beneficial. Discuss both views and give your opinion.

Tourism Creates Problems – For

1. Tourism increases environmental pollution.
2. Popular destinations become overcrowded.
3. Local cultures may be negatively affected.
4. Tourism can increase living costs for residents.

Tourism Is Beneficial – For

1. Tourism creates employment opportunities.
2. Countries earn foreign revenue.
3. Cultural exchange improves global understanding.
4. Tourism supports local businesses.

52. Advantages & Disadvantages Essay Question

Nowadays, many people communicate through messaging apps instead of face-to-face conversations. What are the advantages and disadvantages?

Advantages

1. Communication becomes faster and easier.
2. Long-distance relationships can be maintained.
3. Messages can be sent instantly worldwide.

4. Business communication becomes efficient.

Disadvantages

1. Face-to-face social skills may decline.
2. Misunderstandings happen easily in text messages.
3. People may become socially isolated.
4. Excessive messaging can be addictive.

53. Problem & Solution Essay

Question

Many cities are losing public green spaces due to urban development. What problems does this cause, and what solutions can be taken?

Problems

1. Air pollution may increase.
2. Citizens have fewer recreational areas.
3. Wildlife habitats are destroyed.
4. Urban temperatures become higher.

Solutions

1. Governments should protect parks legally.

2. More trees should be planted in cities.
3. Urban planning should include green areas.
4. Rooftop gardens can be encouraged.

54. Double Question Essay

Question

Many employees nowadays work longer hours than before. Why is this happening? What effects does this have on workers and society?

Why Is It Happening?

1. Competition in workplaces is increasing.
2. Living expenses are becoming higher.
3. Companies expect greater productivity.
4. Technology allows employees to work anytime.

Effects

1. Stress and burnout may increase.
2. Family relationships can become weaker.
3. Physical and mental health may decline.

4. Work-life balance becomes difficult to maintain.

55. Opinion Essay

Question

Some people believe that governments should spend more money on protecting wild animals. To what extent do you agree or disagree?

For (Agree)

1. Many animal species are becoming endangered.
2. Wildlife plays an important role in ecosystems.
3. Protecting animals supports biodiversity.
4. Future generations should experience natural wildlife.

Against (Disagree)

1. Governments should prioritize human problems first.
2. Wildlife protection programs are expensive.

3. Poverty and healthcare require more funding.
4. Private organizations can protect animals instead.

56. Discussion Essay

Question

Some people think that children should compete with each other, while others believe cooperation is more important. Discuss both views and give your opinion.

Competition – For

1. Competition motivates students to improve.
2. It prepares children for future careers.
3. Students develop ambition and determination.
4. Competitive environments can increase productivity.

Cooperation – For

1. Teamwork improves communication skills.

2. Cooperation reduces unhealthy stress.
3. Group activities teach mutual respect.
4. Modern workplaces value collaboration.

57. Advantages & Disadvantages Essay Question

Nowadays, more people are using online banking services. What are the advantages and disadvantages?

Advantages

1. Banking becomes faster and more convenient.
2. People can transfer money instantly.
3. Online banking saves travel time.
4. Financial management becomes easier.

Disadvantages

1. Cybercrime and hacking risks increase.
2. Elderly people may struggle with technology.
3. Technical problems can interrupt services.
4. Personal data may become vulnerable.

58. Problem & Solution Essay

Question

Many people today struggle to maintain a healthy work-life balance. What are the causes of this issue, and what solutions can be suggested?

Causes

1. Employees work long hours.
2. Technology keeps workers connected constantly.
3. High living costs increase financial pressure.
4. Workplace competition is becoming stronger.

Solutions

1. Companies should provide flexible schedules.
2. Employees should limit overtime work.
3. Governments can strengthen labor laws.
4. Employers should encourage mental health support.

59. Double Question Essay

Question

More people are becoming interested in famous celebrities and influencers. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Social media increases celebrity exposure.
2. People enjoy entertainment content.
3. Influencers promote attractive lifestyles.
4. Celebrities strongly affect fashion and trends.

Positive Development

1. Influencers can spread awareness about social issues.
2. Celebrities inspire people to achieve goals.
3. Social media creates business opportunities.

4. Public figures can support charities effectively.

Negative Development

1. Unrealistic lifestyles create pressure on young people.
2. Many influencers promote materialism.
3. Social media addiction may increase.
4. Some celebrities become poor role models.

60. Opinion Essay

Question

Some people believe that public transport should replace private cars in cities. To what extent do you agree or disagree?

For (Agree)

1. Public transport reduces traffic congestion.
2. Pollution levels can decrease significantly.
3. Roads become safer with fewer cars.

4. Public transportation is more environmentally friendly.

Against (Disagree)

1. Private cars provide greater convenience.
2. Public transport systems are often overcrowded.
3. Rural areas still depend heavily on cars.
4. Building transport infrastructure is expensive.

61. Discussion Essay

Question

Some people think that schools should teach financial management to students, while others believe this is the responsibility of parents. Discuss both views and give your opinion.

Schools Should Teach – For

1. Financial literacy is an essential life skill.
2. Students can learn budgeting and saving early.
3. Schools provide structured education.

4. Many parents lack financial knowledge themselves.

Parents Should Teach – For

1. Financial habits begin at home.
2. Parents understand family financial situations better.
3. Schools already have crowded curricula.
4. Family guidance can be more practical.

62. Advantages & Disadvantages Essay Question

Many people nowadays prefer using reusable products instead of disposable items. What are the advantages and disadvantages?

Advantages

1. Reusable products reduce environmental waste.
2. Long-term costs become lower.
3. Plastic pollution decreases.
4. Sustainable lifestyles become more common.

Disadvantages

1. Reusable products may be expensive initially.
2. Cleaning reusable items requires time.
3. Some reusable alternatives are less convenient.
4. Availability may still be limited in some areas.

63. Problem & Solution Essay

Question

Many historical buildings are being damaged or destroyed in modern cities. What are the causes of this problem, and what solutions can be taken?

Causes

1. Rapid urban development replaces old buildings.
2. Maintenance costs are very high.
3. Pollution damages historical structures.
4. Governments sometimes prioritize commercial projects.

Solutions

1. Governments should provide restoration funding.
2. Historical sites should receive legal protection.
3. Tourism revenue can support preservation.
4. Public awareness campaigns should promote heritage conservation.

64. Double Question Essay

Question

Many people today choose to travel abroad for holidays instead of visiting places in their own countries. Why is this happening? What effects does this have on local tourism?

Why Is It Happening?

1. International travel is becoming cheaper.
2. Social media encourages foreign tourism.
3. People want new cultural experiences.

4. International destinations often offer better facilities.

Effects On Local Tourism

1. Local businesses may lose customers.
2. Domestic tourism revenue can decline.
3. Small tourist destinations may struggle financially.
4. Governments may invest less in local attractions.

65. Opinion Essay

Question

Some people believe that students should be required to wear school uniforms. To what extent do you agree or disagree?

For (Agree)

1. Uniforms reduce social inequality among students.
2. Students become more disciplined.
3. Schools develop a stronger identity.
4. Uniforms reduce distractions related to fashion.

Against (Disagree)

1. Uniforms limit personal freedom and expression.
2. Some uniforms are uncomfortable or expensive.
3. Creativity and individuality may decrease.
4. Discipline depends more on teaching than clothing.

66. Discussion Essay

Question

Some people think governments should ban private healthcare, while others believe private healthcare is necessary. Discuss both views and give your opinion.

Ban Private Healthcare – For

1. Healthcare should be equal for everyone.
2. Public systems reduce social inequality.
3. Private healthcare is often expensive.
4. Governments should prioritize citizens' health equally.

Private Healthcare Is Necessary – For

1. It reduces pressure on public hospitals.
2. Patients receive faster treatment.
3. Competition improves healthcare quality.
4. Wealthy individuals can pay for better services themselves.

67. Advantages & Disadvantages Essay Question

Nowadays, many people use smartphones for almost every daily activity. What are the advantages and disadvantages?

Advantages

1. Smartphones provide instant communication.
2. Information becomes easily accessible.
3. Online banking and shopping are convenient.
4. Educational resources are widely available.

Disadvantages

1. Smartphone addiction is increasing.
2. Face-to-face interaction may decline.
3. Privacy and security risks exist.
4. Excessive screen time harms health.

68. Problem & Solution Essay

Question

Many people today experience difficulties sleeping. What are the causes of this issue, and what solutions can be introduced?

Causes

1. Stress from work and studies.
2. Excessive use of mobile devices.
3. Poor daily routines and unhealthy habits.
4. Noise pollution in urban areas.

Solutions

1. Reduce screen time before bedtime.
2. Encourage healthy sleeping habits.
3. Promote exercise and relaxation techniques.
4. Improve work-life balance.

69. Double Question Essay

Question

Many people today prefer shopping in large supermarkets rather than local shops. Why is this happening? What effects does this have on local businesses?

Why Is It Happening?

1. Supermarkets offer lower prices.
2. Customers can buy many products in one place.
3. Large stores provide better convenience.
4. Supermarkets often offer discounts and promotions.

Effects On Local Businesses

1. Small shops may lose customers.
2. Local businesses can close permanently.
3. Employment opportunities may decrease locally.
4. Traditional shopping culture may disappear.

70. Opinion Essay

Question

Some people believe that governments should spend more money on scientific research instead of arts and culture. To what extent do you agree or disagree?

For (Agree)

1. Scientific research improves healthcare and technology.
2. Innovation supports economic growth.
3. Research can solve environmental problems.
4. Science benefits society directly.

Against (Disagree)

1. Arts preserve cultural identity and heritage.
2. Creativity is important for society.
3. Cultural industries create employment.
4. Art contributes to mental well-being and education.

71. Discussion Essay

Question

Some people think children should have complete freedom in their free time, while others believe parents should organize children's activities. Discuss both views and give your opinion.

Complete Freedom – For

1. Children develop independence.
2. Creativity grows through free play.
3. Children learn decision-making skills.
4. Less pressure improves happiness.

Parents Should Organize – For

1. Structured activities improve discipline.
2. Parents can ensure productive use of time.
3. Organized activities develop useful skills.
4. Children avoid harmful activities.

72. Advantages & Disadvantages Essay Question

Many people nowadays work remotely from home. What are the advantages and disadvantages of this trend?

Advantages

1. Employees save commuting time.
2. Flexible schedules improve comfort.
3. Companies reduce office expenses.
4. Workers may achieve better work-life balance.

Disadvantages

1. Employees may feel isolated.
2. Home environments contain distractions.
3. Communication with colleagues becomes weaker.
4. Work-life boundaries may become unclear.

73. Problem & Solution Essay Question

Traffic congestion is becoming increasingly serious in many cities. What are the causes of this problem, and what solutions can governments implement?

Causes

1. Increased ownership of private vehicles.
2. Inadequate public transportation systems.
3. Rapid urban population growth.
4. Poor road planning and infrastructure.

Solutions

1. Improve public transport systems.
2. Encourage cycling and walking.
3. Introduce higher taxes on private cars.
4. Build better road infrastructure.

74. Double Question Essay

Question

Many young people today prefer spending time online rather than participating in outdoor activities. Why is this happening? What effects does this have on their lives?

Why Is It Happening?

1. Social media and gaming are highly addictive.
2. Smartphones provide constant entertainment.
3. Urban areas may lack outdoor spaces.
4. Online communication is more convenient.

Effects

1. Physical health may decline.
2. Social interaction skills become weaker.
3. Obesity and mental health problems may increase.
4. Outdoor hobbies and sports become less popular.

75. Opinion Essay

Question

Some people believe that the death penalty should be used for serious crimes. To what extent do you agree or disagree?

For (Agree)

1. Harsh punishment may deter serious crime.
2. Dangerous criminals can no longer harm society.
3. Victims' families may feel justice is served.
4. Severe crimes deserve severe punishment.

Against (Disagree)

1. Innocent people may be punished wrongly.
2. Every person deserves a second chance.
3. Life imprisonment is a safer alternative.
4. The death penalty is considered unethical by many people.

76. Discussion Essay

Question

Some people think governments should invest heavily in railways, while others believe road transport is more important. Discuss both views and give your opinion.

Railways – For

1. Rail transport reduces traffic congestion.
2. Trains are environmentally friendly.
3. Public transport lowers pollution levels.
4. Railways are efficient for long-distance travel.

Road Transport – For

1. Roads are necessary for daily transportation.
2. Rural areas rely heavily on road networks.
3. Businesses depend on trucks for delivery.
4. Road transport offers greater flexibility.

77. Advantages & Disadvantages Essay Question

Many people today prefer online meetings instead of face-to-face meetings. What are the advantages and disadvantages?

Advantages

1. Online meetings save travel time.

2. Businesses reduce transportation costs.
3. International communication becomes easier.
4. Meetings can be arranged quickly.

Disadvantages

1. Technical issues may interrupt communication.
2. Personal interaction becomes weaker.
3. Concentration levels may decrease online.
4. Some discussions are less effective virtually.

78. Problem & Solution Essay

Question

Many countries are experiencing increasing levels of unemployment among young people. What are the causes of this issue, and what solutions can be suggested?

Causes

1. Lack of practical job skills.
2. Rapid population growth.

3. Limited employment opportunities.
4. Technological automation replacing workers.

Solutions

1. Improve vocational education and training.
2. Governments should create employment programs.
3. Encourage entrepreneurship among young people.
4. Universities should provide practical experience.

79. Double Question Essay

Question

Many people nowadays spend more money on luxury items than in the past. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Social media promotes luxury lifestyles.

2. Rising incomes increase purchasing power.
3. Advertising encourages consumerism.
4. People want social status and recognition.

Positive Development

1. Luxury industries create employment opportunities.
2. Consumer spending supports economic growth.
3. People enjoy improved living standards.
4. Businesses earn higher profits.

Negative Development

1. People may fall into debt.
2. Materialism can increase in society.
3. Financial pressure may affect families.
4. Environmental waste may grow because of overconsumption.

80. Opinion Essay

Question

Some people believe that museums and art galleries should be free for the public. To what extent do you agree or disagree?

For (Agree)

1. Everyone should access culture and history equally.
2. Free entry encourages education.
3. More visitors can learn about heritage.
4. Poor families can also enjoy museums.

Against (Disagree)

1. Museums require maintenance funding.
2. Entrance fees improve service quality.
3. Governments already face financial pressure.
4. Tourists can help support museums financially.

81. Discussion Essay

Question

Some people think that social media has improved communication, while others believe it has harmed relationships. Discuss both views and give your opinion.

Social Media Improves Communication – For

1. People can communicate instantly worldwide.
2. Long-distance relationships become easier to maintain.
3. Information spreads quickly online.
4. Businesses and education benefit from online communication.

Social Media Harms Relationships – For

1. Face-to-face communication decreases.
2. Social media addiction causes isolation.
3. Online misunderstandings happen frequently.
4. Excessive usage affects mental health.

82. Advantages & Disadvantages Essay Question

Nowadays, more people are choosing to study abroad. What are the advantages and disadvantages?

Advantages

1. Students experience different cultures.
2. Language skills improve significantly.
3. International qualifications increase career opportunities.
4. Students become more independent.

Disadvantages

1. Studying abroad is expensive.
2. Homesickness can affect mental health.
3. Cultural differences create adjustment problems.
4. Some students struggle with language barriers.

83. Problem & Solution Essay

Question

Plastic waste is becoming a major environmental issue worldwide. What are the

causes of this problem, and what solutions can be implemented?

Causes

1. Excessive use of single-use plastics.
2. Poor recycling systems.
3. Cheap plastic packaging is widely used.
4. Public awareness remains limited.

Solutions

1. Ban single-use plastic products.
2. Improve recycling facilities.
3. Encourage reusable alternatives.
4. Governments should introduce stricter environmental laws.

84. Double Question Essay

Question

Many people today use the internet to learn new skills. Why is this becoming popular? Is online learning more effective than traditional learning?

Why Is It Becoming Popular?

1. Online courses are flexible and convenient.
2. Educational resources are widely available online.
3. Internet learning is often cheaper.
4. People can study from home easily.

Online Learning Is More Effective

1. Students learn at their own pace.
2. Recorded lessons help revision.
3. Online platforms provide global access to education.
4. Learning schedules become flexible.

Traditional Learning Is More Effective

1. Teachers provide direct interaction and feedback.
2. Students remain more disciplined in classrooms.
3. Group activities improve teamwork skills.
4. Practical subjects are easier to teach physically.

85. Opinion Essay

Question

Some people believe that governments should provide free internet access to all citizens. To what extent do you agree or disagree?

For (Agree)

1. Internet access supports education and learning.
2. People can access online job opportunities.
3. Digital communication improves social connection.
4. Rural communities can benefit from online services.

Against (Disagree)

1. Providing free internet is expensive for governments.
2. People may misuse free internet access.
3. Other public services require more funding.

4. Cybercrime and online addiction may increase.

86. Discussion Essay

Question

Some people think that children should learn history at school, while others believe science and technology are more important subjects. Discuss both views and give your opinion.

History – For

1. History teaches cultural identity and heritage.
2. Students learn from past mistakes.
3. Historical knowledge improves critical thinking.
4. History helps preserve national traditions.

Science & Technology – For

1. Modern careers require technical skills.
2. Scientific innovation improves society.
3. Technology drives economic development.

4. Science subjects create more job opportunities.

87. Advantages & Disadvantages Essay Question

Many people nowadays use online shopping platforms instead of traditional markets. What are the advantages and disadvantages?

Advantages

1. Online shopping saves time.
2. Customers can compare prices easily.
3. Products are delivered directly to homes.
4. International products become more accessible.

Disadvantages

1. Customers cannot check product quality physically.
2. Online fraud and scams may occur.
3. Local businesses may lose customers.
4. Excessive online shopping encourages overspending.

88. Problem & Solution Essay

Question

Many cities around the world are becoming overcrowded. What are the causes of this issue, and what solutions can governments take?

Causes

1. Rural people move to cities for jobs.
2. Urban areas provide better facilities.
3. Rapid population growth increases demand for housing.
4. Economic opportunities are concentrated in cities.

Solutions

1. Develop rural infrastructure and industries.
2. Improve public transport and housing systems.
3. Create employment opportunities outside cities.
4. Governments should improve urban planning.

89. Double Question Essay

Question

Many students nowadays choose business studies instead of science subjects. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Business careers often provide high salaries.
2. Students believe business subjects are easier.
3. Entrepreneurship is becoming popular.
4. Science education may appear difficult or expensive.

Positive Development

1. Businesses support economic growth.
2. Entrepreneurship creates job opportunities.
3. Students can develop leadership skills.
4. Modern economies require business professionals.

Negative Development

1. Shortage of scientists and engineers may occur.
2. Scientific innovation may slow down.
3. Countries need more technical experts.
4. Overcrowding in business sectors may increase competition.

90. Opinion Essay

Question

Some people believe that parents should limit the amount of time children spend using electronic devices. To what extent do you agree or disagree?

For (Agree)

1. Excessive screen time harms health.
2. Children may become addicted to devices.
3. Outdoor activities are important for development.
4. Social interaction skills improve through real communication.

Against (Disagree)

1. Technology supports modern education.
2. Children need digital skills for future careers.
3. Educational applications can improve learning.
4. Moderate technology use can be beneficial.

91. Discussion Essay

Question

Some people think advertisements encourage consumers to buy unnecessary products, while others believe advertisements provide useful information. Discuss both views and give your opinion.

Advertisements Encourage Unnecessary Buying – For

1. Marketing creates artificial needs.
2. Celebrity endorsements influence consumers emotionally.
3. People often buy products impulsively.

4. Consumerism increases because of advertising.

Advertisements Provide Useful Information – For

1. Customers learn about new products.
2. Competition encourages better quality products.
3. Businesses can reach potential buyers effectively.
4. Consumers can compare available choices.

92. Advantages & Disadvantages Essay Question

Nowadays, more people choose to use bicycles for transportation. What are the advantages and disadvantages?

Advantages

1. Cycling reduces air pollution.
2. Bicycles improve physical fitness.
3. Transportation costs become lower.
4. Roads become less congested.

Disadvantages

1. Cycling can be dangerous in heavy traffic.
2. Weather conditions affect travel comfort.
3. Long-distance travel becomes difficult.
4. Many cities lack proper cycling infrastructure.

93. Problem & Solution Essay

Question

Many countries are facing increasing levels of stress among teenagers. What are the causes of this problem, and what solutions can be suggested?

Causes

1. Academic pressure is increasing.
2. Social media creates unrealistic expectations.
3. Competition for future careers is intense.
4. Lack of family support affects mental health.

Solutions

1. Schools should provide counseling services.
2. Parents should offer emotional support.
3. Reduce unnecessary academic pressure.
4. Encourage sports and recreational activities.

94. Double Question Essay

Question

Many companies now allow employees to work flexible hours. Why is this becoming common? What are the advantages and disadvantages of flexible working schedules?

Why Is It Becoming Common?

1. Technology allows remote communication.
2. Companies want to improve employee satisfaction.
3. Flexible schedules can increase productivity.
4. Workers seek better work-life balance.

Advantages

1. Employees experience less stress.
2. Workers can manage family responsibilities better.
3. Productivity may improve.
4. Companies can attract talented employees.

Disadvantages

1. Communication between workers may weaken.
2. Some employees become less disciplined.
3. Work-life boundaries may disappear.
4. Team coordination can become difficult.

95. Opinion Essay

Question

Some people believe that governments should spend more money on public healthcare rather than military defense. To what extent do you agree or disagree?

For (Agree)

1. Healthcare directly improves citizens' quality of life.
2. Many countries still lack proper medical facilities.
3. Public health crises require strong healthcare systems.
4. Healthy populations contribute to economic growth.

Against (Disagree)

1. National security is equally important.
2. Countries need military protection against threats.
3. Defense technology can support scientific innovation.
4. Governments should balance both sectors equally.

96. Discussion Essay

Question

Some people think students should be allowed to use mobile phones at school, while others

believe phones should be banned. Discuss both views and give your opinion.

Allow Mobile Phones – For

1. Phones support educational research.
2. Students can access learning applications.
3. Parents can contact children during emergencies.
4. Technology skills are important for modern education.

Ban Mobile Phones – For

1. Phones distract students during lessons.
2. Social media reduces concentration.
3. Students may cheat during exams.
4. Excessive phone use affects communication skills.

97. Advantages & Disadvantages Essay Question

Many people nowadays prefer living in apartments rather than houses. What are the advantages and disadvantages?

Advantages

1. Apartments are often more affordable.
2. Security systems are usually better.
3. Apartments are convenient in urban areas.
4. Maintenance responsibilities are reduced.

Disadvantages

1. Living space is often limited.
2. Noise from neighbors may cause problems.
3. Privacy can be reduced.
4. Families may lack outdoor space.

98. Problem & Solution Essay

Question

Many people today suffer from unhealthy eating habits. What are the causes of this issue, and what solutions can be introduced?

Causes

1. Fast food is cheap and convenient.
2. Busy lifestyles reduce home cooking.

3. Junk food advertising influences consumers.
4. Nutritional awareness remains limited.

Solutions

1. Schools should teach healthy eating habits.
2. Governments can regulate junk food advertising.
3. Public campaigns should promote nutrition awareness.
4. Healthy food options should become more affordable.

99. Double Question Essay

Question

Many people today prefer digital books instead of printed books. Why is this happening? Is this a positive or negative development?

Why Is It Happening?

1. Digital books are convenient and portable.

2. Smartphones and tablets are widely available.
3. Online books are often cheaper.
4. People can access books instantly.

Positive Development

1. Digital books save paper and protect forests.
2. Thousands of books can be stored on one device.
3. Reading becomes more accessible worldwide.
4. Students can search information quickly.

Negative Development

1. Screen time may harm eyesight.
2. Traditional reading habits may decline.
3. Digital distractions reduce concentration.
4. Some people prefer physical books emotionally.

100. Opinion Essay

Question

Some people believe that universities should accept equal numbers of male and female students in every subject. To what extent do you agree or disagree?

For (Agree)

1. Gender equality should be promoted in education.
2. Equal opportunities reduce discrimination.
3. Diverse classrooms improve learning environments.
4. Both genders can succeed in any profession.

Against (Disagree)

1. Admission should depend on merit, not gender.
2. Students should choose subjects freely.
3. Some fields naturally attract more of one gender.
4. Forced equality may create unfairness.

101. Discussion Essay

Question

Some people think governments should focus on reducing environmental pollution, while others believe economic growth is more important. Discuss both views and give your opinion.

Reducing Pollution – For

1. Pollution harms public health.
2. Climate change threatens future generations.
3. Clean environments improve quality of life.
4. Sustainable development protects natural resources.

Economic Growth – For

1. Economic growth creates jobs.
2. Countries need industries for development.
3. Poverty reduction depends on strong economies.

4. Wealthier countries can invest more in environmental protection later.

102. Advantages & Disadvantages Essay Question

Many people today use fitness apps and smart devices to monitor their health. What are the advantages and disadvantages?

Advantages

1. People become more aware of their health.
2. Fitness tracking encourages exercise.
3. Health data can help doctors monitor patients.
4. Technology motivates healthier lifestyles.

Disadvantages

1. People may become overly dependent on technology.
2. Personal health data may be exposed online.
3. Some information may be inaccurate.

4. Devices can become expensive for many users.

103. Problem & Solution Essay

Question

Many countries are experiencing increasing levels of air pollution. What are the causes of this issue, and what measures can governments and individuals take?

Causes

1. Industrial emissions from factories.
2. Increased use of private vehicles.
3. Burning fossil fuels for energy.
4. Rapid urbanization and construction.

Solutions

1. Promote renewable energy sources.
2. Improve public transportation systems.
3. Introduce stricter environmental regulations.
4. Encourage tree plantation and recycling.

104. Double Question Essay

Question

Many young people today spend more time following celebrities online. Why is this happening? What impact does this have on young people?

Why Is It Happening?

1. Social media increases celebrity exposure.
2. Young people enjoy entertainment content.
3. Influencers promote attractive lifestyles.
4. Celebrities interact directly with followers online.

Impacts

1. Young people may develop unrealistic expectations.
2. Fashion and consumer spending may increase.
3. Some celebrities inspire positive social action.
4. Social media addiction may become more common.
